DETAILED ACTION

The Amendment, filed on September 3, 2003 has been entered and is acknowledged by the Examiner.

Applicant's arguments filed September 3, 2003 have been fully considered and are persuasive. The rejection of the application has been withdrawn. No any prior art disclosing applicant's invention has been found and therefore the application is in condition for allowance.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gregory Brummett on December 15, 2003.

The application has been amended as follows:

In the Claim:

In claim 1 line 2, "coated a" has been replaced by --coated with a-- .

Allowable Subject Matter

Claims 1-18,36-39 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 39, the references of the Prior Art of record fails to teach or suggest a device comprising composite material with protruding and aligned nanowires having the combination of the limitations as set forth in claims 1 and 39, and specifically comprising the limitation of nanowires partially coated with a magnetic material.

Claims 2-18 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

The reason for allowing claims 36-38 has already been cited in previous Office Action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
